

Villa Verde

LUXURY RENTALS MARBELLA

Welcome to Villa Verde Marbella. Sleeping 6 with 3 double bedrooms and 3 bathrooms, set on a private plot of some 900 square metres with plenty of lush greens and tropical palms that frame the pool, it's easy to see how Villa Verde (or Villa "Green") got its name. Indeed, colour has been used creatively and carefully throughout the property. The interior showcases plenty of gleaming glass and natural wood, combined with neutral shades in furnishings. This gives a crisp and clean overall feeling, a welcome retreat to come back to from the strong Andalusian sun or a hard day's golf.

DESCRIPTION

Villa Verde is a place to relax and to enjoy, with its large open plan lounge and dining room that is perfect for family or group dinners. The outdoor pool is quite something. With a distinctive light turquoise colour that sets off the verdant plants and lawn around it, we have to hand it to the architect and landscape gardeners. It just works!

Why it's Got The Wow Factor

Newly refurbished with a twist of modern, contemporary chic, this adorable villa offers scenery, serenity and proximity to all that Marbella offers, from golf courses to beaches. Here you won't fail to unwind as you sip a morning coffee on the terraces overlooking mountain views.

Villa Verde has its own unapologetic confidence. We would describe it as understated yet beautiful. So close to nature yet close to the action too. Stay here and you will leave feeling like yourself again.

What's Close?

Just behind Las Brisas Golf Course, the villa is in a fantastic position, even if golf isn't your thing, you are ideally located for beach or sight-seeing holidays. Here you are only a short drive from the hotels and bars of The Golden Mile, or the vast expanse of coastline the Costa Del Sol offers.
