DESCRIPTION

Why it's Got The Wow Factor

It's not just the stunning sea views of The Mediterranean from the terrace or the desirable location that make it so special, it's the design touches that make this property one to remember. The open plan lounge and dining area has been cleverly put together to create a stylish space. A sparkling white kitchen island and breakfast bar is perfectly offset against dark cupboards. The black doors of the integrated oven and microwave further enhance this monochrome effect. Don't worry, our housekeeping team ensure said doors are so shiny you can see your face in them! The bedrooms can only be described as plush, especially the master bedroom which has its own walk-in wardrobe and beauty corner. A stay here gives you the perfect balance between glamour, sophistication and relaxation.

What's Close?

The property is located within The Puente Romano beach resort. A favourite spot of Marbella's finest since 1979, here you will find the famous tennis club as well as many fashionable bars and restaurants. Spectacular gardens create a laid back atmosphere which comes to life in the evening around the piazza. Just outside of the urbanisation, you'll find The Marbella Club hotel and plenty of bars and restaurants along Marbella's Golden Mile that cater to all tastes.

Puerto Banus harbour is a 5 minute drive away and the charming old town is just 10 minutes in the other direction. Golfers will love the area with a choice of over 20 golf clubs in Marbella alone. The 'La Concha' mountain provides more than just a scenic backdrop, hikers love this challenging route and you may wish to attempt it too. (Note: best for the cooler months!)
